

Important LEC Meeting!  
Council 93-MEM

Local Council Meeting - Your Local Council Officers have scheduled a meeting for Tuesday, December 2, 2008. (Please see below for times and location)

With the finalization of the NW/DL merger there is going to be a great deal of new and important information available. We have invited special guests to address issues pertaining to our potentially changing working conditions.

AFA-CWA Senior Benefits Attorney, Mary Lou Savage will be our special guest, and primary presenter. Ms. Savage recently completed an in depth comparison of the NW contractually guaranteed medical plans, along with our retiree medical, compared to the current plans offered by Delta. The Delta plan is inferior and much costlier than our current Northwest plan. The Delta retiree medical plan is hundreds of dollars more expensive a month, than the plan guaranteed by the AFA-CWA contract.

There will be active Delta flight attendants there to answer your questions. If your long term plans include maintaining affordable medical, or retiring from Delta with affordable medical coverage, DO NOT miss this meeting.

DATE: Tuesday, December 2nd, 2008

Location: Memphis Airport, Conference Room "A" directly adjacent to TSA Security Checkpoint for Concourse "A"

Time: 11:30 am until 2:30 pm A light lunch will be served.

In Unity,
