Throw Out Everything

What You've Heard from the Union, What You've Heard from the Company

Over the past 18 months you've heard a lot of arguments about our representation election from Delta executives and from Delta AFA.

Now it's time to throw it all away. There is only one argument that matters. This election comes down to one crucial question:

Do You Deserve a Legally Binding Contract?

You have a contract when you buy a house. You have a contract when you buy a car. You even have a contract for your cell phone. Don't you think you need and deserve a contract for your job?

Don't be confused by slick voter guides and false comparisons. These obscure what is most important.

This is About You and Your Right to a Voice!

Vote YES for Delta AFA Representation
