

# 'We Don't Need a Third Party'

## YOU are the Union

Our executives will work hard to convince you that Delta AFA is some outside entity that is trying to get between you and the company. Nothing could be further from the truth! Delta AFA is you and your flight attendant colleagues who support representation.

It is YOU who will vote for the leadership of the new union, it is YOU who will decide the most important issues to negotiate in a new contract, and it is YOU who will vote on whether or not to ratify a new contract.

## It's OUR Party!

After we vote for representation, Delta flight attendants will have an opportunity to elect their own officers, who will form the Delta Local Executive Councils (LECs). They, in turn, will elect Delta-wide officers and become the governing body of the Delta Master Executive Council (MEC).

Your voice will be paramount in the new union, whether we're negotiating a contract or seeking legislation to improve the lives of flight attendants. If we vote for representation, we will be the largest unit in the Association of Flight Attendants, and the strongest.

You will finally have a major say in your career, and our profession.

**VOTE DeltaAFA Representation**  
Opportunity. Unity. Respect.
